Wind Power News A new wind turbine developed by turbine expert Turtec has for the first time achieved a rotational speed of over 100k. The turbine was developed to solve the problems Turtec faced with their popular 0.8MW turbine and designed with new geometry and a new high performance controller. The 200k turbine has a patented cylindrical interior-outer axial pin-feed rotor design that increases the energy density of the turbine's rotor. This structure also makes it easier to design and implement a variable speed control system. The new design also uses a unique tip-mounted grip for the wind turbine's three direct-drive generators. The result is a turbine which benefits from an innovative design and an advanced controller

## What's new:

Koei Tecmo has released the fourth batch of Official DLC "Ordeal in the Land Between", which is already able to combat the evils in the latest expansion of "Zone of the Enders: The 2nd Runner - Mutation of the Marshes of Eden". Based on the "The Fourth Sensation", "Ordeal in the Land Between" is available for PlayStation 4, PlayStation 3 and PS Vita.

The game's main new feature is "Elden Space Penetrator", in which you can access the complete story of "Zone of the Enders" before directly advancing to the main plot. The main goal here is to carve out a new path and to overcome the monsters and bosses that were the end of the previous storyline.
